Assignment 3

Ad 1.

Ad 2.

Clarity Ad 1's Urdu tagline and labeled products make the message instantly clear. Ad 2's show title, date, and channel reference communicate just as directly.

Conciseness Ad 1 delivers through one family scene and three product boxes. Ad 2 uses minimal text, letting the chef's presence speak for the brand.

Correctness Ad 1 features accurate Urdu script and real National Foods packaging. Ad 2 presents error-free event details with professional precision.

Completeness Ad 2 answers what, when, where, and how to follow up online. Ad 1 lacks a call-to-action, making it slightly incomplete.

Consideration Ad 1 connects through a mother-son scene, Urdu language, and traditional recipes. Ad 2 targets digitally active viewers through a familiar chef and social media presence.

Concreteness Ad 1 uses real food and authentic packaging. Ad 2 anchors viewers with a specific launch date and named platform.

Courtesy Ad 1 celebrates Pakistani family culture respectfully. Ad 2 reflects courtesy through the chef's warm, inclusive, and patriotic tone.

Which Ad is More Effective? Ad 1 wins for the Pakistani mass market. Its family scene, Urdu messaging, and direct product visuals create an immediate emotional and commercial connection. Ad 2, while patriotic and well-structured, promotes a TV show rather than a product. Ad 1 reaches wider, resonates deeper, and drives purchase intent more effectively.
